

2023 OGLEBAY CUP Sponsored by DEVELOPER'S MORTGAGE **RENEWED. REVAMPED. READY TO ROLL.**

Membership-

Welcome to the 2023 Oglebay Men's Golf Club season. Last season, Hunter Frye and I were thrilled to introduce "The Race for the Developer's Mortgage Cup." The idea was to create a yearlong point race very similar to what we see on television every week with the PGA Tour's FedEx Cup. We could not be any more proud of what it turned into after starting with only a piece of paper, a pen, and an idea. At the final event Hunter had the privilege of handing off the trophy to our first champion, Bryan Myers, following a dominating season. His name will now be part of this trophy for a long time to come. This year, we are back and ready to add another name to the trophy!

When the concept was first introduced to the membership at the kickoff meeting last year, we were sure to mention that there would be flaws in the first season and that there will be plenty of trial and error involved, and this proved to be absolutely true. As the season progressed, we listened closely to the feedback received from the membership and made note of it all (especially when it came to point distribution).

Last season, we were not abundantly clear on how many points were being distributed per event, nor did we offer a large disbursement of points to those finishing outside the top 10. This year we have developed a concrete system which will show an exact, more wide-span distribution of points across the board. The person who finishes in 21st will no longer receive the same number of points as the person who finishes 39th. In terms of point distribution, we have chosen to closely follow the parameters set by the PGA Tour's FedEx Cup. We will continue to award points on both medal and handicap leaderboards. On the following pages, we have attached the breakouts of point distributions for all events. If you are curious to see how this is broken out, I encourage you to check out this website- <https://www.pgatourmediaguide.com/fedexcup/points-distribution>

We have also made adjustments to the point distribution of the playoff events. In the first event for the top 100, points will be 3x of what they are in a normal season event. Points for the second playoff event contested amongst the top 50 will be 4x higher. Then our points for the top 30 competing in the playoff finale will be 5x higher. Playoff events will still be played as stroke play events for those eligible, players will receive 75% of their handicap, down from 100% last year.

We thoroughly believe the adjustments we have made will set up for a much more competitive, wide-open race. That said, last season there were players who made the playoffs who did not even know the Developer's Mortgage Cup was in existence until that time of season. This year, we plan on changing that. Tell your friends, play events you normally choose to pass on and let's light a fire under this well-contested battle. See you on the course!

Regards,

Hunter Frye/Jay Davis
